Memorial of appreciation  
We the members of the Numismatic Association of Western Pennsylvania wish to express our regret at the loss of a gentleman of such exemplary character as Mr Ben L. Green, who has been taken from our fraternity by death.

Mr Green was the Collectors' Friend. His integrity of purpose, fidelity of trust, and nobleness of character are known to all who have had business transactions with him. As a dealer Mr Green did not commercialize numismatics he fraternalized it. Mr Green lived a life that made him admired by all with whom he came in contact, and in so doing earned for himself an everlasting monument that should be the aspiration of every true-hearted and loyal man.

On Motion the Secretary was instructed to write to Mr Waldo B. Moore for application for membership in the American Numismatic Association.

The Meeting was very pleasant. a great deal of interest was shown. and every one enjoyed it. It was a great treat to have Dr Chas E Mc Girk present.

The majority stayed until the genial Doctor had to leave on the 3<sup>26</sup> train in the morning for his home.

Dear Mr. Gies:

Enclosed find check to pay for dues for 1930-31 to W.P.N.S. Sorry this is so late but I've been up here to school since last Sept. and haven't had a chance to get to a meeting all year. I expect to be in Europe during July and August and then here for 10 months more so I won't be in contact with the Society for some time. However I'm trying to keep in touch thru the "Numismatist" altho that's about the extent of my contact with collecting at the present.

Please give my best regards to the members at the next meeting.

## WESTERN PENNSYLVANIA NUMISMATIC SOCIETY.

The Meeting came to order on Tuesday, January 5, 1932, at 8 P. M., at Carnegie Institute, Pittsburgh, Pa.

Members present were messrs. Clapp, Marks, Locker, Manning, Gaede, Laughlin, Schnurmann, Piper and Gies.

Minutes of the previous meeting were read and approved.

In the absence of President Marlier, the meeting was opened by Vice President Marks, who, with the full approval of the members present, and as a token of esteem and appreciation, asked that the meeting be conducted by Mr. Clapp. Mr. Clapp is a charter member of the Western Pennsylvania Numismatic Society, having joined at its inception, in 1878. During the meeting, Mr. Clapp presented the society with a copy number two of his new book on the Cents of 1798 and 1799, at the same time exhibiting his own collection of forty-six of the forty-seven varieties he lists, the forty-seventh probably being unique. He also exhibited one of each of the three varieties of 1799. Many of these forty-nine pieces are the finest that are known to exist, a few are unique, and the majority are those from which the plates were made with which he illustrated his book. He followed his presentation with a description of the manner in which the photographs were taken by a photographer in Hollywood, California, a very ingenious method resulting in what are probably the clearest and most exact photographs of coins that has ever appeared in print. These illustrations are as nearly without shadows as it is humanly possible to make them. Mr. Clapp's visit and his delightful talk was a surprise to all of the members present, as the last we had heard of him was to the effect that he had attended a regular meeting of one of the California Coin Clubs.

making a saving on \$50,000 lot Treasury assortments, of \$8 65.00 400 times for first issue.

At that time the cost of paper was \$22.50 per thousand sheet furnished by the New York Bank Note Co, this cost was later reduced to a cost of approximately \$12.00 per thousand furnished by Dr. Stuart Gwynn, so it is very plainly seen that considerable experimenting had been done.

This entire issue had been done by the Department from October the 10th 1863 to February 10th 1867 and amounted to over \$3,000,000.

It is my opinion that paper had been bought on the open market prior to contracts given to Dr. Gwynn.

RESOLUTION.

At a regular meeting of the Western Pennsylvania Numismatic Society held at 7:30 P. M. o'clock on January 5, 1937 at Carnegie Museum, a quorum being present, the following Resolution was regularly moved, seconded and unanimously adopted: RESOLVED that the Secretary be directed immediately to advise the Board of Governors of the American Numismatic Association:

That the Western Pennsylvania Numismatic Society is incensed over the manner in which the former District Secretary for Western Pennsylvania has been removed from that office,

That the Western Pennsylvania Numismatic Society urges the adoption of a rule or by-law by the Board of Governors of the American Numismatic Association whereby any appointed officer of the American Numismatic Association shall be notified in writing by the General Secretary of the American Numismatic Association upon his removal from office,

That the Western Pennsylvania Numismatic Society stands opposed to the appointment of H. D. GIBBS to fill the office of District Secretary for Western Pennsylvania for the reason that the Western Pennsylvania Numismatic Society found it necessary on April 1, 1919 to ask the said H. D. GIBBS to resign from membership in the Western Pennsylvania Numismatic Society,

That the Western Pennsylvania Numismatic Society requested the resignation of H. D. GIBBS at that time for good and sufficient reasons, which reasons still continue to be good and sufficient so that the Society feels it could not at any time readmit H. D. GIBBS to its membership.

BE IT FURTHER RESOLVED, that the Western Pennsylvania Numismatic Society can not countenance the appointment of the said H. D. GIBBS as District Secretary for Western Pennsylvania, and

That the Western Pennsylvania Numismatic Society, being one of the oldest clubs operating under the American Numismatic Association, having had continuous existence for nearly sixty years, is proud of its record and its continuous pleasant relations with the American Numismatic Association, however, the Society can not properly continue to function as a unit of the American Numismatic Association should that Association be represented in the capacity of District Secretary for Western Pennsylvania by H. D. GIBBS.

The Secretary is hereby directed to send copies of this communication to the members of the Board of Governors of the American Numismatic Association and to the General Secretary.

Mr. Woodside reported excellent progress in his efforts to re-build the Society's Library, especially in connection with acquiring certain copies of the "Numismatist", which were missing from our files. For donations of these magazines, the Society voted thanks to Messrs. Hall, Gaede and Barker, and instructed the Secretary to write a letter of thanks to Mr. L. S. Werner, of New York. The program for the evening was prepared and presented by Mr. Eastwood. He first reminded the members that this month marks the Sixtieth Anniversary of the founding of our Society and then pointed out that he felt it to be an appropriate occasion to review the careers of three of the members, Mr. George H. Clapp, Mr. A. C. Gies, and Mr. George F. Marlier, who have been principally responsible for the continued growth and progress of the organization for many years. Mr. Clapp, the Society's only living charter member, is universally recognized as an authority on the early copper coinage of the United States, and his publications on the subject are known to all collectors. Mr. Gies has been a member of the Society for sixty years, having failed to obtain a Charter Membership by just two months time, and has served faithfully as Secretary for many years. Mr. Marlier is the oldest A. N. A. member in our Society, having joined that organization in 1894, and holding membership number 102; he has served as President of the Society for sixteen years, and his remarkable knowledge of numismatics of the entire world has been a constant inspiration to other members. As an expression of appreciation to these three men, both for their contributions to the Society's progress and out of respect for their fine personal qualities, the members present agreed unanimously to present each with an Honorary Membership.

Mr. Scaife spoke briefly of a recent visit to Williamsburg, Virginia, the restored Colonial city, and described the coin collection displayed there as a permanent exhibit.

Mr. Barker read a fine paper on the history of the coinage of Java. Mr. Eastwood offered a good account of the coins of the States of Jersey. Several members displayed Japanese coins; some of the more interesting varieties were pointed out and identified in a very interesting manner by Mr. Marlier.

This meeting was to have been held in the Childrens' Museum Room of Carnegie Institute, but due to a misunderstanding on the part of Museum officials, that room was not available, and the Library Reference Room was used. Since the following meeting is Ladies' visiting night, and the Reference Room is hardly suitable for such a meeting, the Entertainment Committee was asked to provide a suitable place. Mr. Gaede and Mr. DeVos generously invited the Society to meet at the Hotel Henry as their guests in March, and the matter was left in the hands of the Entertainment Committee.

President Woodside was in the Chair. Members present were Woodside, Kastlin, Reynolds, Marlier, Hall, Laughlin, Gillis, Buterbaugh, DeVos, Gaede, Locker, Coatsworth and Piper.

This meeting was held in the Reference Room of Carnegie Library due to the fact that the Carnegie Museum now closes to the public at 6:00 P.M. and our regular meeting room in the Museum is no longer available. However, Museum officials have assured the Society that another room of the Museum, probably the Children's Museum, will be provided for future meetings. The Society decided to meet in which ever room is offered in February, and delay consideration of meeting elsewhere until convinced that the Museum's offer proves to be unsuitable for our purpose.

The Society acknowledged a bill in the amount of one dollar from the Colonial Trust Company, to cover annual service charge on its checking account.

The Society was deeply grieved to learn of the death of member Perley W. Locker, on April 5, 1942. Until he suffered a serious illness several months ago, Mr. Locker attended meetings regularly; he was one of the most popular members, due to his personal popularity and his specialized knowledge of several U. S. series of numismatics. At the time of his death, it was believed that he owned the finest collections of U. S. Half-dimes and Fractional Currency in existence.

Mr. Locker was seventy-nine years of age. He became a member of the Western Pennsylvania Numismatic Society in 1919, and during a part of one term served as the Society's Acting-president. He was A. N. A. member number 2049, and at all times was much interested in the Association's affairs. He attended a great number of National Conventions, and will surely be well-remembered and respected by collectors whom he met.

Upon the proposal of Mr. Marlier, the Society observed a minute's silence in respect for the memory of Mr. Locker.

WESTERN PENNSYLVANIA NUMISMATIC SOCIETY - JANUARY 6, 1942

The regular monthly meeting of the Western Pennsylvania Numismatic Society was called to order by President Woodside on January 6, 1942, in Carnegie Museum with the following members present:- Buterbaugh, Cingota, DeVos, Eastwood, Gaede, Kiefer, Hall, Marlier, Piper, Porter, and Rudert.

In the absence of the Secretary, the reading of the minutes of the last meeting was dispensed with.

The committee appointed to investigate other meeting places for the Society reported that the University of Pittsburgh had offered the Russian Room in the Cathedral of Learning as the only available space. The room was reported to be adequate in size, the only drawback being the restriction against smoking. After some discussion, it was agreed that the Society's next meeting be held in this room so that the membership could determine its feasibility as a permanent meeting-place.

The program committee reported that the Harvard-Yale-Princeton Club would be available for the Annual Dinner on February 14th, and that, while menus had not yet been made available, the cost would be about the same as last year, \$1.50 per plate. Mr. Hall, the chairman, took twelve reservations from those present and stated that it was planned to send out postcard notices to other members and to nearby clubs.

Mr. Kiefer then presented a most interesting paper on "Early Times of the United States", following which the meeting was adjourned.

Exhibits for the evening were:-

Mr. Buterbaugh:- Plastic sales-tax token of Colorado.

Mr. De Vos:- Tiffany Bryan Dollar, 1896; 2 silver pieces of Cosmus III of Etruria, 1676.

CURATOR'S REPORT - JUNE 1939

To  
The Western Pennsylvania Numismatic Society:

The Curator reports that during the past year there have been substantial gains in the Society's Library, and that various steps have been taken to organize the material at hand and to render it more useable by the membership. It is submitted that a number of further improvements are possible, and recommendations are included herein.

A. Organization of Library and Cabinet

- 1) In organizing the library material, an accession book was bought, and all items are entered therein, with information as to date and source of acquisition, library number, etc. A card index of material, listed by subject, title, author, and geographical location has been prepared, and partially completed.
- 2) Steps have been taken to preserve the identity of the library, in rubber stamping each item with the name of the Society and with its catalogue number. Pamphlets of a general class have been gathered together into envelopes for filing, e.g., publications of the W.P.N.S., publications of other numismatic groups, papers read before the Society, etc. Complete volumes of the "Numismatist" have been bound, but no other binding has been done.
- 3) A mimeographed list of books, pamphlets and periodicals has been prepared and placed in the hands of the membership, and copies furnished to new members.

B. Accessions of New Material

During the year the Society has received a considerable amount of new material by gift, the individual donors having been Mr. Louis S. Werner, of New York, and the following members:- Messers Barker, Gaede, Hall, Eastwood, Marlier, Scaife, and Woodside.

The library has received 7 books (a total of 19 now on hand); 3 pamphlets (a total of 27 now on hand); 2 catalogues (a total of 78 now on hand); 1 odd number of a periodical (a total of 10 now on hand). In the matter of periodicals of which a file is on hand, the gains have been considerable. There are complete 36 volumes of "The Numismatist", (a gain of 25 for the year), and 7 volumes incomplete. Of the complete volumes 36 are bound as against 6 a year ago. We have 8 volumes or parts of volumes of the "American Journal of Numismatics", a gain of 2 in the past year. There have been no gains in the cabinet, which consists of 9 items.

C. Other Activities

Cooperation has been freely given the Society by the Editor of "The Numismatist", and by the Curator and Librarian of the American Numismatic Society. An effort to place a file of Spink's Numismatic Circular in the central Carnegie Library failed, but it is hoped to place this material in the North Side Library in the future.

#### D. Expenditures

The following expenditures of the Society's funds have been made by the Library:

Purchase of accession book, paper, file cards	\$ 5.35
Binding 30 volumes "The Numismatist"	52.75
Purchase Am. Jour. Num., Vol. LII, Nos. 109-112	5.00
Total Expenditures	<u>\$63.10</u>

#### E. Recommendations

- 1) During the coming year it is hoped that card-indexing will be completed, and that a mimeographed list of catalogues can be issued to supplement that already issued.
- 2) When funds become available, certain volumes should be bound or repaired, notably the American Journal of Numismatics.
- 3) The contents of the library have nearly outgrown the Society's bookcase, and the normal accretion of "Numismatists" will shortly cause an overflow. It is therefore recommended that a new case be acquired during the coming year.
- 4) Accessions should be made without expenditure of the Society's funds wherever possible. An effort should be made to fill gaps in the files of periodicals. While no attempt to build an extensive cabinet seems wise, it is suggested that the cabinet include all medals issued by our Society, and that medals of other numismatic groups, or of local interest be added as practicable.
- 5) It is hoped that during the coming year it will be possible to prepare and distribute mimeographed lists of numismatic material available in the Central and North Side Carnegie Libraries,

Respectfully submitted,

Curator's Report for 1958

To the Officers and Members of the Western Pennsylvania Numismatic Society:

It gave me great pleasure, to serve you, during the past year, as Curator of the Western Pennsylvania Society. The past year, I was able to organize into an inventory, all of the books, in our cabinet. All of which are open to all members in good standing, to use as they see fit. Inventory list was given out to all members, during the last several meetings. The card file is still in use, for all society members. I received several booklets from Mr. W.W. Woodside, for the use of our members. May, I again express, my appreciation to each one of you, in giving your full cooperation, in handling, all books in our cabinet.

All papers from our business meetings, are in their prospective places. As I made my listings, in my last report. Vis. white folders, for all society reports. I am sure, if any of the members have any society papers, they will submit, them to the new Curator for file. Two sets of the Numismatist, are bound for the years '57 to '58.

I was able to supply the society, a small case, for all of the medals, that were given to the W.P.N.S. in the years gone back. I hope the new Curator, is able to secure an even larger case, for all the new medals that our membership are going to present to our society. I would like to recommend, that a Proof Set be purchased, for each year, from 1959 on. To enable the future society members, material for study and security.

Again, may I, express my appreciation, to the officers and members, for their faith in me, in the past two years, as Curator. These years, were two of my nicest.

Thank - you

Robert A. Lloyd
